**Plant-Based Protein +
Prebiotic Powder**

Plant-Based Protein + Prebiotic Powder

Our food scientists formulated a delicious plant-based nutrition protein + prebiotic powder to be used in a breakfast smoothie or guilt-free indulgent snack. Our plant-based protein + prebiotic powder contains 20 g of protein per serving from a multisource plant-based blend with a good source of fiber. It is blended with mocha flavor and Borregaard's EuroVanillin GRAN 4, a vanilla flavor that helps mask any protein off-notes, while also labeled "natural flavor."

The protein blend includes three plant-based proteins from Axiom Foods: Vegotein™ P80, Cannatein®, and Cucurbottein® OT59. Vegotein™ P80 is produced from US and Canadian yellow non-GMO peas. Cannatein®, a hemp heart protein, is a suspendable and highly digestible protein superfood comprised of protein, carbohydrates, and healthy fats. Cucurbottein® OT 59, a toasted pumpkin seed protein, is a good source of minerals and amino acids such as arginine.

The combination of protein and prebiotic fiber provides satiety with many benefits to general health and the maintenance of gut flora. In addition to the variety of proteins, Sensus' Frutafit® IQ is a dietary fiber with excellent dispersibility making it an ideal ingredient for adding prebiotic fiber into any recipe. The plant-based protein powder gets its sweetness from stevia Reb M and erythritol instead of table sugar to meet consumer demand for reduced sugars in their products.

Recommended use:

Dissolve one sachet (40 g) in a 20 oz of liquid (water, milk alternative, or smoothie) to create your beverage.

Features

- Good source of dietary fiber
- High in protein
- Low in fat and sodium
- Source of essential amino acids
- Sugar-free
- Vegan friendly
