

NATURALT[®] ORANGE

ALL NATURAL

NaturAlt[®] Orange

Is extracted, stabilized and purified from natural sources such as carrots, annatto seeds, tomatoes, peppers, cempasúchitl flowers, etc. The color obtained contains physiological antioxidants that help prevent damage caused by free radicals. These colors are very stable to light conditions, pH and temperature which makes them ideal due to the diversity of its presentations like powder, liquid soluble/dispersible in water base or oil base and emulsions.
